Pennsylvania Vote May Swing National Election Outcome

'Neck And Neck' Dewey-Roosevelt Race Is Forecast

Voters In So-Called "Silent Bloc" Will Probably Decide Election

PENNSYLVANIA IS "KEY" STATE

WASHINGTON, Nov. 4.—President Roosevelt and Gov. Thomas E. Dewey are racing down the home stretch of the 1944 presidential election neck and neck today with their fate resting on the verdict to be rendered Tuesday by millions of voters in the so-called "silent bloc."

Some public polls give Roosevelt an edge but important private polls favor Dewey slightly. In either case, the "silent voters" can give Mr. Roosevelt an overwhelming victory. They also can give Dewey a smashing victory.

Pennsylvania Vital

Most neutral observers regard Pennsylvania as the truly "key" state of this election and with Philadelphia as the "key" to the "key." These observers say that if Dewey can hold down his plurality in Philadelphia to less than 75,000, the Republican will win Pennsylvania and the nation.

This political forecasting is based upon a belief that Dewey will carry New York State. There are many Democratic leaders who contest this belief and insist Roosevelt will carry New York. There is little doubt that if Roosevelt does carry New York he will be re-elected.

Battle-Group States

But gauge forecasts are placing New York along with Massachusetts, Connecticut, Maryland and Pennsylvania in the class of "battle-ground" states. They point out that if Roosevelt carries New York, Dewey can win by victories in Massachusetts.

PA NEWC Observes

The Dick Tracy comic strip influence is apparent in the number of cars seen around town on which halloweeners have written "Snowflake" across the back.

PA NEWC:

"Pick up a service man." It's a slogan all motorists should adopt. Recently some were seen walking down Deshon Avenue and a lot of cars passed them by. Pick up a service man. It's a small thing to do for men who are doing big things for you.

Once a Marine always a Marine. The local post of the Marine Corps League proved that Friday when a returned Marine needed quinine for a recurrence of malaria contracted in the South Pacific. Somebody told the league and somehow, somewhere they found some quinine. In a short time the priceless medicine was delivered to the Marine.

Precipitation for the year to date is 3.15 inches under the normal amount. B. F. Johnson, U. S. weather observer states. This is 10.7 per cent below what it should be from the first of January to the first of November.

All Of Greece Is Liberated

ROME, Nov. 4.—(INS)—The virtual liberation of all of Greece from Nazi control was reported today.

With British patrols of the land army of the Adriatic pressing northward through Greece close to the Yugoslav frontier, Royal Air Force reconnaissance men based in Greece declared that over the entire area north and northwest of Salonika they could find no sign of retreating German columns trying to escape through southern Serbia and Albania.

"It is fairly certain that all Germans now are out of Greece," one reconnaissance officer said.

"We believe their rear guards went over the Greece-Serbian border on Thursday night."

"They were lucky in the previous 24 hours because bad weather over the mountains prevented our aircraft getting at them."

FATALITY HURT

MCKEESPORT, Pa., Nov. 4.—(INS)—Mrs. Delores Patton, 26, was dead and her husband Melvin, 34, was in McKeesport hospital today as the result of injuries sustained when struck by a car on a highway near their Elton village home.

Authorities said the couple and their eight-year-old daughter were returning home from a family party when an automobile driven by Chester Orsulik, 25, of Port Vue, struck the father and mother shortly after they had gotten out of another car. The child was not injured.

WOMAN ATTACKED

PITTSBURGH, Nov. 4.—(INS)—Phyllis Sclarrett, 24, East Liberty night club photographer, told police today she had been attacked early this morning by a man who told her:

"You took my picture once."

Then, the woman said, he dragged her to a vacant lot a block away and beat her. Miss Sclarrett, treated at a hospital for abrasions of the face and head, said she did not recognize the man.

Result Of Election Not To Affect Yanks' Aim To Get War Over With

SOMEWHERE IN THE PACIFIC. (Delayed)—Scores of U. S. Marines, typical of young America fighting this world-wide war for freedom, went to the polls here on the first overseas voting day to cast their ballots for president — a privilege folks back home won't enjoy until November 7.

These men are helping choose their president and commander-in-chief in a democratic way. Farther to the west in this Pacific ocean, Japanese troops are not that fortunate.

Want To End War

All the Marines, many veterans of the Pacific war's hardest-fought campaigns, were unanimous on one election point. Whether Franklin D. Roosevelt or Thomas E. Dewey is the winner, "we want to get this war over and get back home."

Voting days on this isle were not unlike similar scenes repeated on other Pacific islands, some Jap dominated.

Expect Heavy Vote In County Next Tuesday

Soldier Vote Will Have Big Bearing If Home Vote Count Is Close

EXPECT OVER 30,000 CIVILIAN VOTES

Unless all signs fail, the vote in Lawrence County on Tuesday, November 7 will be a heavy one, as heavy in proportion perhaps as in 1940 although not as heavy numerically. In 1940 there were 38,237 votes cast for president in this county, out of a registration of over 46,000. This was an eighty-three per cent vote.

On Tuesday the votes that will be counted will be civilian votes only, and the registration total this time is only 41,693. Of this number it is estimated there are about 5000 men and women in service who were registered before they left. To this potential military vote must be added not less than 2100 men and women who have reached their majority but had not registered at home. It is believed the vote cast in Lawrence County, exclusive of the military vote which will not be counted until November 22, will approximate 31,000. It is estimated about 3,000 military ballots will be received out of 7,178 sent out.

Short Ballot

Due to changes made several years ago the ballot on Tuesday will be comparatively simple. Instead of listing the electors of the

Governor Dewey To Speak Tonight In New York City

By LEO W. ORRIS
U. S. Staff Correspondent

ALBANY, N. Y., Nov. 4.—Gov. Thomas E. Dewey brings his campaign to a close tonight with a nationally broadcast speech from the heart of New York City, where, as a young "racket buster," he climbed the first steps leading to the highest office in the United States.

With two months of intensive campaigning behind him, and the prospect of a close election lying ahead, the GOP nominee was to leave Albany late today for his New York talk which will be delivered in Madison Square Garden.

One More Speech

It will be broadcast nationally between 10:30 and 11 p. m. (EWT). While Governor Dewey will make one more speech before the executive mansion Monday night, his Madison Square Garden speech actually will be his final bid for office. Traditionally, the election eve talk is devoted to an appeal to all to vote, regardless of choice of candidate.

Madison Square Garden is expected to be taxed to its 20,000 capacity for the Dewey rally.

Governor Dewey will remain in New York City tonight after his speech, returning to Albany tomorrow afternoon. He will remain at the executive mansion until Tuesday morning, leaving then for New York City to vote and receive the election returns.

Allied Casualties On Italian Front

ROME, Nov. 4.—(INS)—Allied casualties on the Italian front from May 11 of this year to date total 116,150, headquarters of Gen. Sir Henry Maitland Wilson announced today.

These casualties testify to the fierce slugging engagements against the Germans before the liberation of Rome and the sharp fighting which has been in progress since for the Gothic line.

Nazi losses in the same period were estimated at approximately 194,000.

A member of the senate small business committee and chairman of the committee's grievance section, Wherry declared that New Deal regimentation and bungling has resulted in elimination of 540,000 small businesses since start of the war.

Japs On Leyte Strive To Form Counter-Attack

Report Some Jap Reinforcements Are Landed On Island At Ormoc

JAPS PREPARING FOR FINAL STAND

By LEE VAN ATTA
U. S. Staff Correspondent

GEN. MACARTHUR'S HEADQUARTERS, Philippines, Nov. 4.—Japan's last garrison on the west coast of embattled Leyte, tottering under the pressure of a triple-pronged advance by Yank infantrymen, strove frantically to organize a counter offensive today following the landing of Jap reinforcements through the west coast port of Ormoc.

With American ground forces tightening a noose around the last enemy-held area on the island, four heavily escorted Jap transports ventured into Ormoc bay under cover of darkness and succeeded in landing troops and motorized equipment.

Two of the transports, however, were blasted to the bottom under attack by American fighter dive bombers which repeatedly attacked the enemy convoy despite heavy opposition from covering planes of the Jap air force.

Japs Run Into Disaster

Boostered by the arrival of fresh troops, the Japs started northward in a long line of trucks, tanks and horse-drawn vehicles. As the enemy land convoy snaked "several miles" between Ormoc and the native barrio of Valencia, it ran into disaster in the form of low flying American fighter planes which raked the highway with heavy fire to cut down the marching foe.

Hundreds of Jap soldiers were either killed or wounded, at least 30 of their trucks and two tanks were set ablaze and considerable equipment and supplies were destroyed by machine gun and cannon fire of the American airmen.

The efforts of the Japanese high command to push reinforcements through Ormoc, where the Japs stand with American forces advancing from three directions, followed earlier reports of enemy withdrawals from the island.

To Make Stand

But early Friday morning it became apparent that the Japanese once again had decided to reinforce their last key Leyte garrison in the Ormoc sector to make a stand

Many Areas Of Germany Bombed

LONDON, Nov. 4.—(INS)—Great fleets of American warplanes, totaling some 2,000 bombers and fighters, stepped up the non-stop sky offensive against the Reich today with a far-flung series of assaults which spread destruction among key objectives in scattered areas of Germany.

The bombers, more than 1,100 strong, loosed their explosives on oil plants, rail yards and other targets all the way from the northern reaches of the country to the Saar Basin by way of western Germany and the Ruhr.

Escorting the four-engine Fortresses and Liberators were more than 800 Thunderbolts and Lightnings. The assaults were delivered just 48 hours after 208 or more enemy interceptors were shot down in record sky battles and 24 hours after London observers declared that Allied planes were wiping out Hitler's key citadels one by one as planned by Air Chief Marshal Sir Arthur Travers Harris, head of the bomber command.

"No slackening of our support no looking forward for ourselves at the expense of their smallest immediate needs can be tolerated. The news of victories is very sweet to our ears, but it must never lead us into forgetfulness of what it is costing the men who live that news."

Patterson pointed out that the airport, built to receive wounded from the Newfor D Baker hospital of the army medical corps that is performing a medical feat little short of a miracle.

British Tightening Noose About Germans On Walcheren Island

ACTION ON FRONTS IS INCREASING

(BULLETIN)

SUPREME HEADQUARTERS, ALLIED EXPEDITIONARY FORCE, Nov. 4.—(INS)—Strong forces of counter-attacking German infantrymen pacted by tank formations, pushed American doughboys back out of the vital highway town of Schmidt today, dealing the first setback to the Yanks' three-day offensive in the Aachen sector.

By KINGSBURY SMITH
U. S. Staff Correspondent

Supreme Headquarters, Allied Expeditionary Force, Nov. 4.—Allied armies, fanning out in coordinated drives, slammed forward under an aerial cover of U. S. fighter-bombers to within less than 27 miles of Cologne today and, far to the west, tightened a rapidly-closing noose about the German defenders of Walcheren Island.

Ground forces of the First American Army pressed deeper into the Reich, developing their three-day Reich push toward Cologne after waves of low-flying planes dealt destruction among the ranks of weary Nazi troops.

Widen Beachhead

Simultaneously, Canadian units which fought their way across the causeway from South Beveland Island to Walcheren, widened their beachhead on that Dutch island by another 2,000 yards, official spokesmen at Gen. Dwight D. Eisenhower's headquarters announced.

Other Maple Leaf fighters slammed northward across tenuous German escape routes and, despite heavy opposition, captured the town of Weiberg, a mile and a half southeast of Steenberg.

On the mainland, dogged American infantrymen strengthened their grip on the Mark river bridgehead below the Maas despite heavy resistance, then struck at the Germans in a fierce push which won

Bad weather continues to curtail air operations, but a small force of aircraft attacked industrial targets in Germany and Austria yesterday, while fighters and fighter-bombers assailed communications in the Po valley, in Yugoslavia and in Albania. An airfield near Zagreb was strated.

Second Anniversary Observed By Gideons

Local Camp Banquets At The Castle-ton; State President Makes Address

In the coral room of The Castle-ton hotel, members of the New Castle Camp of Gideons, their ladies Auxiliary, and a number of local pastors gathered for a banquet Friday evening. The occasion was the celebration of the second anniversary of the local gideons.

Chairman of the evening was Robert Chappell, president, who after a brief talk introduced E. French Johnson as toastmaster. He gave the address of welcome, and named the charter members, and spoke of the splendid work accomplished by the organization.

Rev. R. J. Fredericks gave the opening prayer, and Rev. G. D. Chichester the invocation. A song service was led by A. H. Robb, with Mrs. Rose Bender, accompanist.

The address of the evening was given by Banks Heller, of Altoona, state president, who urged the continued placing of testimonials in the hands of chaplains in France to replace those lost in action by some of our soldiers. Mr. Heller showed moving pictures of the International Gideons convention at Denver, Col., and pictures of first anniversary of local Gideons.

Auxiliary ladies, Mrs. Robert Chappell, Mrs. B. F. Johnson, Mrs. Rose Bender, Mrs. Jean Mooney, were the table committee. Mrs. A. H. Robb, Mrs. William Bender, Miss Ruth Bender, welcome committee.

Vocal duet selections were given by Misses Esther Krempels and Elizabeth Choco.

The occasion was closed with the Gideon Circle, and benediction by William Bender.

Journal Warns About Election

PITTSBURGH, Nov. 4.—(INS)—An editorial in John L. Lewis' United Mine Workers Journal, which was being delivered to thousands of western Pennsylvania miners today, warned that collective bargaining is at stake if President Roosevelt is re-elected.

Pointing to the last UMW wage negotiations, the editorial warned: "Certainly no thinking member of the UMW wants to undergo a repetition of the political, bureaucratic domination of wage negotiations such as took place in 1941 and 1943."

Containing that the election is a broad-and-butter proposition, it continued: "We cannot understand how any member of organized labor can think of future progress for labor unions if wage negotiations are to be hampered to the blue print of political bureaucrats."

"If those whose labor-union affiliation began with the advent of the new deal are too timid, hesitant and fearful to exercise and execute their inherent right of citizenship and protect themselves, then they ought to go all the way and entrust their wage-making to the war-predict committee of the ex-new deal party and let Harry Hopkins, 'The Ick' (Harold L. Ickes) and Anna Rosenberg negotiate a national wage agreement for them which in turn can be presented to the WLB, which will sit it out to await the official administration signal before acting."

Poling places where Marines marked their ballots were either sun-bleached tents or hastily erected pre-fabricated buildings, used for a few days. A voting officer was present at each polling place to explain proper procedures to voters, many casting ballots in a presidential election for the first time.

Men in combat clothes, many bearded, tired and dirty from a day's training in the field, stepped into polling places to mark their Federal ballots, provided all eligible servicemen from 20 of the 48 states. Almost every state supplied regular absentee voter ballot privileges, in addition.

Some young men, many already veterans of meeting the Jap face to face, walked by the polling places. They hadn't yet reached the 21-year-old age minimum of the 47 of the states.

The communiqué made no mention of the area in which the attack upon the carriers occurred, but it is presumed that elements of Admiral Halsey's Third Fleet is still operating close to the Philippines to protect the ground forces fighting on Leyte and also to patrol the sea lanes from Formosa to Luzon thus preventing any reinforcement in strength to the enemy's Philippine garrisons.

There was no indication as to the extent of damage sustained by the Third Fleet vessels, or the type of ship hit.

The Americans of the First Army, commanded by Lieut. Gen. Courtney Hodges, smashed into positions commanding high ground overlooking the headquarters of the Rer river, before the plains of Cologne, by capturing the town of Schmidt, southeast of Aachen, in a drive which saw advanced units drive 10 miles inside the Reich.

Striking south of Vossenack against both German and American troops, the Yanks gained two miles in the advance into Schmidt.

In the forest south of Vossenack the Americans began clearing out German pillbox positions against stubborn opposition.

The ground action was supported by aerial blasts in which enemy communications from the Rhine valley westward to the German line in the Moselle valley were attacked by medium and light bombers and fighters-bombers. Seven bridges and a railway tunnel were among the targets attacked.

On Walcheren, the Allies moving from Westkapelle toward Flushing joined forces with troops which quelled all but the slightest resistance in the northern part of Flushing. Enroute the town of Donburg was cleared of the enemy.

Gun positions and strongpoints of the Nazis near Middleburg were bombed and strafed by fighter-bombers as the Britons and Canadians tightened their grip on the island.

The fact that the Japanese struck northward from Ormoc indicated that they intend to clash with Maj. Gen. Frederick A. Irving's twenty-fourth division forces.

Irving's men, driving west toward Ormoc from captured Carigara, pushed ahead on the northwest portion of the island, preparing to drive south through the Ormoc valley.

Equipped with heavy artillery pieces and paced by tanks, Twenty-fourth and Seventh Division doctors were closing in on Ormoc while Americans in other sectors were consolidating positions and lines of communication.

Night harassing attacks were continued by the Jap air force but only minor damage was sustained by the Yanks, who so far have liberated 1,500,000 Filipinos from the yoke of the Japanese.

Tea of the attacking enemy planes were destroyed, five knocked down by anti-aircraft fire and five shot down in air combat, one American plane was lost.

Deaths of the Day

Gus Martin

Boatswain Mate Gus Martin, aged 56 years, of the merchant marine, died suddenly from a heart attack Friday afternoon at 6 o'clock at his residence, 34 North Beaver street, while on leave from Philadelphia.

Mr. Martin had just returned from a five and a half months cruise to all the war theatre operations with the exception of the Philippines, and it is likely the attack was caused due to overwork and exertion.

He was born in Thrace, Greece, 1888, son of Steve and Relou Martin. For the past 24 years he resided here and was connected with the construction and painting business prior to enlisting in the maritime service 16 months ago.

Bessemer Child Badly Injured

Little Tot Sustains Critical Injuries When Struck By Truck Near Home At Noon Today

Little Sheridan Swanson, aged 3 years, daughter of Mr. and Mrs. Warner Swanson of West Poland avenue, Bessemer, was critically injured, when struck by a truck owned by the Mahoning County Engineering department and driven by Clifford C. Sherman of 203 East Judson street, Youngstown, O., at the noon hour today. She was brought to the Jameson Memorial hospital for treatment at 12:45 p. m.

Sherman told Chief of Police Archie Shoup of Bessemer that the child came running out onto the pavement from behind a picket fence. He stated that he was only going about 20 to 25 miles an hour, but that he was unable to stop because the pavement was wet.

The child was knocked down, and when the truck stopped, her left arm was under the rear wheel. Examination at the hospital revealed fractures of the left arm and left leg, but it was not known whether she had sustained internal injuries.

Three Youngsters Face Charges In Highway Shooting

HARRISBURG, Nov. 4.—(INS)—Charges of juvenile delinquency were filed at Harrisburg today against two teen aged boys and a young girl who participated in the shooting of Lester S. Casey, 33, of Lovatton, after he had picked them up along a nearby highway.

The two youths, both reported to have criminal records, were Robert L. Dale, 17, and John Gephart, 15. A 15-year-old girl was unidentified. More than a dozen State police scoured the area for the trio after the shooting was reported. Casey was discharged from a local hospital after being treated for a flesh wound inflicted by a .22 calibre pistol.

various parties now, the ballot shows the names of the presidential and vice presidential candidates. Five parties are listed, Democratic, Republican, Socialist, Industrial Government (Socialist Labor in some states) and Prohibition.

The polls open Tuesday morning at seven o'clock and remain open throughout the day until eight o'clock at night. Election boards are supplied with their kits, ballots and report sheets, and the county election board feels that it is ready to conduct the election.

Judges W. Walter Graham and Judge Joan G. Lamoree will alternate on the bench from seven o'clock in the morning until nine at night to settle any election disputes that may arise during the day.

The results in Lawrence County should not be more than ordinarily late for it is anticipated there will be a heavy straight ballot in both the major parties. The vote for the other three parties will be fragmentary.

The ballot is divided into five columns. The first column contains the names of the parties, Democratic, Republican, Socialist, Industrial, and Prohibition.

The second column contains the following names of candidates and their parties: Democratic, Franklin D. Roosevelt, for Vice President; Harry S. Truman, Republican, for President; John W. sachusetts, Connecticut, Maryland, Pennsylvania, along with an even break in the handful of doubtful states across the nation. It, however, seems unlikely that Dewey can win all these states if he loses New York.

A last-minute checkup on a national poll by International News Service favors Roosevelt in twenty states—Oklahoma and Kentucky being entered in his column since a poll early in the week Dewey is favored in eighteen states.

Where Leads Are Seen
The Roosevelt states outside the solid south, plus Tennessee, Oklahoma and Kentucky, are Arizona, California, Montana, Nevada, Utah, Washington and Rhode Island. They total 209 electoral votes with 265 needed for victory. Of course, some of these states are claimed locally by the GOP.

The states in which Dewey is favored are Maine, Vermont, New Jersey, Ohio, West Virginia, Indiana, Illinois, Iowa, Nebraska, Kansas, Colorado, Idaho, North Dakota, South Dakota, Minnesota, Wisconsin, Michigan and Missouri. They total 197 electoral votes. And, of course, Democrats claim some of these states.

Five states are classed as "doubtful" aside from the "battleground" states in the east. The others are New Hampshire, Delaware, Wyoming, New Mexico and Oregon. They can go either way and will affect the final outcome only if the five "battleground" states divided their electoral votes evenly between Roosevelt and Dewey.

Both Roosevelt and Dewey have indicated they believe the outcome will be determined in the East. It is scheduled by their last-minute campaign tours.

'So Help Me God'

By Ray L. Dudley

Publisher of the Oil Weekly, Houston, Tex.
(Reprinted by Permission)

I STOOD in the blazing sun at Ellington Field in Texas last Monday and watched the cadets file by, fine manly chaps, watched them come into the hall in which they were to receive their wings as commissioned officers in the United States Army Air Force. My third and last boy, a lad of 19, was among them.

Two years ago his mother and I had seen a similar group file into the chapel at Ellington to receive their wings, and our second boy was among them. Today he and his elder brother, who had chosen Navy air, are memories, precious memories, it is true, but boys to be spoken of in hushed tones as boys, who would have made good citizens, two boys whose memories will never be dimmed in the eyes of their father and mother. They, with thousands of others, have made the supreme sacrifice for America as they knew it and loved it.

Then Monday we heard again the prospective officers take the oath necessary to their commissions:

"I do solemnly swear that I will support and defend the Constitution of the United States against all enemies, foreign or domestic, that I will bear true faith and allegiance to the same; that I take the obligation freely, without mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of my office upon which I am about to enter; so help me God."

For a moment my thoughts drifted from the son whose burned body lies somewhere in France and from the other son who lies in native soil.

OUR forefathers whose wrote the Constitution knew that they were giving to future generations a document so precious that it would be worth the loss of American lives to preserve . . . and they knew that there would arise enemies to it, domestic as well as foreign.

Then my mind went back to a time nearly three years ago, when my first two boys volunteered, and the pledge I made them then:

"To the best of my meager ability I shall do all I can to defend against foes at home the institutions you boys have enlisted to uphold . . . and I shall do that without fear of sacrifice if it costs me everything I have, including my life, so help me God."

It was not necessary that I pledge my fullest efforts to help prosecute the war. . . . They should have expected no less of me as an American and a father.

The casualty lists over the country name thousands of parents whose boys have been lost and whose sons are as precious to them as mine were to me. I claim no distinction as the parent of boys who have died in the service. I can only claim to be among those to whom this war is a deadly serious thing, and I wish my claim to be listed among those who resent with every atom of their being the ef-

forts which are being made by the Hillmans, the Browders, the Murrys and others, including our President, to nullify the sacrifices of thousands of American boys.

As I hear the oath to defend the Constitution repeated by the young men at Ellington, I could not but remember the remarks which have been made about it by Americans of foreign birth who would seek to destroy it . . . "a scrap of paper . . . an out-moded document . . . a bill of property rights rather than a bill of human rights." And these are the men who are asking that we trust our country to them.

THE situation under which the Communist front in America is trying to wield control over our country through the capture of one of our great political parties, is so preposterous as to be almost incredible. But make no mistake—the threat is a real one. That a Russian born radical, with all of the class hate of his native land, should aspire to control this country is so fantastic that many cannot believe it. But it is true.

That he and his fellows have openly boasted that their organization, the CIO, is raising millions as a war chest to help keep Roosevelt in power, indicates a blatant confidence in their victory. That this money should be extracted from hundreds of thousands of members whose membership was forced on them, is a disgrace. That they get away with it is a shameful tribute to the close association they have with our Department of Justice.

Who was it who climbed the stairs hat in hand, to Hillman's suite in a Chicago hotel to learn the wishes of the boss as to who would be Democratic candidate for the Vice Presidency? It was our United States Department of Justice head—the man sworn to uphold our laws (including the Smith-Connally Act which makes it a felony for a labor party or a corporation to contribute to a political party.) Yes, it was Attorney General Biddle, and the man with him was the person who later was named by Hillman as the Democratic Vice Presidential nominee, Harry Truman.

WITH Hillman and Browder and their ilk as arrogant as they are now, what will their attitude be if they succeed in re-electing Franklin D. Roosevelt? Where will their power end? What will happen to the rights guaranteed under our Constitution? If our interests should ultimately clash with those of Russia at what point will these men make up their minds as to where their first loyalty shall lie? If England's interest should clash with those of Russia, will our country's armed forces be thrown against a nation whose kinship to us derives a common parenthood?

This is a long way from the ceremony at Ellington last Monday. The field has widened until the lives of a large group of fine boys seems but a drop in a great ocean.

But it is not a long way from the pledge I made my boys.

Salesmen and Saleswomen

WANTED

TO SELL THE NEW HOSPITALIZATION PLAN

I am going to ask you some frank questions. Would you like to earn over \$100.00 per week—immediate—plus a substantial income for the future? Would you like me to show you how to do this? Would you like to represent one of the country's leading companies, issuing Hospital Benefit Policies? Would you like to be associated with one of the most progressive and leading agencies in the country? And could you spend fifteen minutes of your time to talk to me about this?

I mean business! Do you?

You owe yourself an opportunity such as this. Our new Hospital Plan is creating a great deal of interest everywhere due to the amount of protection for the low premium of 50c-A-MONTH for each member, and having all the advantages, such as maternity benefits, etc., that expensive policies costing three times the premium would offer.

Would you be interested in receiving the very top commission, additional bonuses, should you qualify? Would you be willing to go on bonafide appointments that would be prepared for you? Ask yourself all these questions. ALL YOU NEED IS A LITTLE INITIATIVE. WE'LL FURNISH THE REST.

Should we accept your application you can tell yourself that you are embarking on a new and wonderful career. You can actually say that you are in business for yourself with no investment. We urge you to investigate this ad, should you know anything at all about Hospital Insurance. You will be associated with a man that is prominent in the insurance world and you may feel safe in placing your confidence with a FRIEND in New Castle rather than a stranger from some far off town.

Don't miss out on this proposition. Get all the details from Gene Mayfield, District Manager; Freedland Agency, 201 Johnson Bldg.; New Castle, Pennsylvania.

NEW WILMINGTON, Pa., Nov. 4.—As a special feature of the Sunday evening chapel services at Westminster College, the Butler high school chorus of 77 voices will present a program of sacred music tomorrow night.

Regularly conducted by Dr. Robert F. Galbreath, Westminster

box. Love stems the tide of recklessness. We want to be somebody. Heaven becomes a reality, and hell, too. If it is heaven, we want to continue it on the Other Side. If it's hell, that's hell.

But here in America, the land of opportunity for the past one hundred fifty years, the young couple settling their sails for the voyage of life, have been free to choose their own way of getting there. They had the advantage of studying the experiences of others who had succeeded or failed, and profiting by their observations. They knew that industry, frugality, honesty and good judgment brought their reward of independence, comfort and security. They learned also that the abundant life and social respectability were not doled out on a silver platter. It didn't require any laws to teach these things to Young America.

As they lived, they saw it, felt it and enjoyed it. They also were proud they were Americans. They gloried in their American citizenship. They knew America was the most progressive nation on earth, that in America the people enjoyed the highest standard of living of any people in the world. They might have discovered that the United States spends more for education—Three Billion, five Hundred Million Dollars—than all other countries combined. That America has accumulated thirty-six per cent of all the world's wealth. That there are more refrigerators in Chicago, for example, than in all Europe. That we have half the railroads, half the telephones and half the automobiles in all the world.

These things are not cited in a spirit of boastfulness, but rather to point out that it was made possible in a country where men have been free under our system of government to map their own lives, select their own business or profession, invest and speculate according to their own judgment, and in general to bank on their own self-confidence, self-reliance and ability to look out for themselves.

In the face of all this evidence of the excellence of the American system as it concerns the welfare of humanity extending over a period of one hundred fifty years and more, we suddenly had thrust upon us, ten or a dozen years ago by the present New Deal administration, that America had been all wrong. That what we needed to insure contentment was a "planned economy," some politician or politician to take over our lives and tell us what we must do, and not do. It's a bad thing for any boy, all boys in fact, and girls too, to stretch twelve or sixteen years out of their lives under a one-man rule.

America—of all things—had come to the end of the road. That we were manufacturing and growing too much of everything. They told us that out one corner of their mouth, while out of the other they were underminding, under-clothing and under-housing. The only solution to the situation was to stop manufacture, stop development, shoot the meat-producing livestock, plow under the crops, take things away from the rich and give to the poor.

Under the provision of our Constitution, the Congress may at its discretion declare the existence of an "Emergency" and under that emergency delegate to the President emergency powers. That is, the Constitution and the laws may be suspended and the people governed by presidential decree, supposedly during the length of the alleged emergency.

That is what happened and the emergency has not come to an end. For seven long years America has not only suffered from a chronic emergency, but millions of people have been systematically taught to believe that the emergency would never end and that they must have faith in an Incapable Man who would keep them from starving.

In blunt candor, that is precisely

what has been cooked up in America. The New Deal has turned out to be a bad deal, a tragic deal, brought on by a man who may have been actuated by motives of nobility in the beginning but who had become so desperately involved in the past few years that he doesn't know which way to turn. He has placed his fate this year in the hands of some of the most notorious gangsters of the country, and it is beginning to appear that the famous code of gangsterland is being applied to him, namely, "Once in you Can't Get Out."

This conclusion is not unreasonable, because it is well known that the President's health does not warrant his undertaking the tremendous domestic and foreign problems up for immediate solution. He himself before his nomination urged with all the discretion at his command that he much preferred to relinquish his office and retire to his Hyde Park home. He said that he could not make the campaign in the "ordinary partisan sense." That he had lost his grip on laying down the law to his political organizations was repeatedly demonstrated when he expressed that either Wallace, Barkley or Byrnes would be "satisfactory" to him as a running mate. He finally was compelled to accept the choice of Sidney Hillman in the person of Harry Truman, a practical nonentity from Kansas City, who happens to be a protégé of the once famous gangster boss, Tom Pendergast. And this man was elected by Hillman after Roosevelt's historic order to the official head of the Democratic Party to "clear everything through Sidney."

That is the predicament facing America today. The entire American way of doing things is at stake. The system that has proven to be the most efficient in the world is in dire jeopardy. It is no longer a question merely of Franklin Roosevelt's winning this year's election, Franklin Roosevelt himself, is through as a political power in this country, and no one probably knows it better than himself. He is taking orders now. There were days when Franklin Roosevelt was a magnificent and magnetic figure. Even those who disagreed with his politics had respect for the Champ's shrewd political ability. He was a Joeman worthy of any man's skill. He demonstrated that times without number, and none is so great or so humble as to withhold from him that which is his due.

But what he has gone through the last ten or a dozen years would have drained the health and vitality of any man on earth. And now with the very existence of this nation in the balance, it is natural to suppose that he would much prefer to be relieved.

What can America expect at home and abroad if we have the prospect of looking forward to Clearing Everything With Sidney Hillman?

There is one safe and certain preventative for what might easily happen and that is to strengthen the opposition in the House of Representatives. That would put a halt on Sidney and thus safeguard America. And elect Tom Dewey.

THE PARENT PROBLEM

(Continued From Page Four)

turn of the century has been due to make life easier for the woman at home. We are not living in the eighties when women were expected to work like slaves. On the contrary, even the poorest send out much of their laundry today.

"At an early age (too early, in many cases) little children are taught the drudgery of dishes and pans, and dusting and take over to relieve mother. I mention these obvious truths, because you so often write that children make slaves of their mothers. I sincerely believe, that in many cases the opposite is true. And poor, hard working Dad is also often a slave, working ten and twelve hours a day only to come home and be expected to do more.

"Yes, I certainly agree with you up to a certain point that children should help in the home, but please do not continue to spoil the already spoiled American housewife. If they are slaves to home, how do they find time to do so much outside the home, such as bridge, bowling, movies, or just plain back fence gossiping?"

It looks as if I failed to get over to this reader the value to the character development of the child from sharing in the duties of the home. And maybe there are a few mothers for which this writer has a fitting shoe.

Young Mother's Letter
"Dear Dr. Myers: As mother of a 19-month-old baby, I find your column helpful. Not so much because I am learning anything new from it as because it gives me a good deal of encouragement. For instance, it was my own idea to train my baby as soon as she began to move about in the meaning of No. I did it exactly as you say to do but the relatives have been horrified. But I didn't really hurt her and I have been rewarded by her confidence in me and by the way she has learned.

"Since my husband is in the armed forces, we don't have any extra money to spend on fancy toys. I have just read your article on 'Simple Toys,' and again agree wholeheartedly. I made a little horse of scraps of colored cotton cloth about five inches high. Then made a 'wagon' of a baby shoe box top, two empty spools, a stick and cord. Then I sewed the horse's feet to the box, also the axle to the wagon with strong thread. Baby loves to drag it around. It is colorful and costs nothing."

TWO INJURED WHEN AUTO TURNS OVER

Two youths sustained slight injuries, and several others escaped unharmed, when an automobile in which they were riding, overturned on the Ellwood City road, just east of New Castle. They were brought to the Jameson Memorial hospital for treatment at 11:30 p.m.

Gerald C. Galt, aged 17, of R. D. 1, sustained bruises of the head and Dale Cunningham, aged 16 of R. D. 1, suffered small lacerations of both legs.

The first lifeboat is thought to have been one built by Lionel Lukin in England in 1786.

YOU CAN STOP HILLMANISM

You can stop the brazen campaign of the Political Action Committee (PAC) to install Sidney Hillman as the power-behind-the-throne of a fourth term administration.

1. YOU CAN STOP the PAC plan of using in America the tactics which swept minority groups to power in Nazi Germany and Fascist Italy — permitting them to impose tyrannies upon vast, unorganized masses of people!

2. YOU CAN STOP the PAC plan to control the votes of 5,000,000 union workers and their 9,000,000 relatives.

3. YOU CAN STOP the danger of your Congressman, Democrat and Republican alike, being defeated with the power and money brought in from outside your community by the Political Action Committee.

4. YOU CAN STOP pressure groups from trying to mask their real purpose by working secretly within the Political Action Committee.

5. YOU CAN STOP the possibility that a fourth-term President may be succeeded by a Vice-President whose name before nomination was submitted for Hillman's O. K.

6. YOU CAN STOP the threat of our fighting men coming back from victory abroad to find, here in America, the very kind of one-man government they fought to destroy.

Two seats on an isle

TWO seats for a pair of battle-worn kids somewhere on an atoll in the Pacific—will you give them?

There are 90 units operating through U.S.O. Camp Shows on the "Foxhole Circuit." They play the jungles in the South Pacific. They play the snowy wastes in Alaska, Greenland, Iceland. They play the hospital circuit behind the lines.

Help U.S.O. send some of the country's finest entertainers to our boys "out there." Many of these men and women have volunteered their time—but it does cost money to send them to our far-flung battle fields.

Your contribution to your Community War Fund will help

make this gigantic entertainment enterprise possible—will assure seats for all of our boys, wherever they may be, to the shows the folks back home have sent them. Give as much as you can afford—then a little bit more. We can't let them down now!

THIS IS AN AMERICAN ELECTION

ANTI-COMMUNISTIC

REMEMBER?

Remember four years ago? Ambassador to England Joseph P. Kennedy made a telling speech for Roosevelt at the last minute. Remember that Mr. Kennedy then urged people to vote for Roosevelt to KEEP US OUT OF WAR.

This time the theme is different. We are told to keep the President because our British, Russian and Chinese relations depend on his knowledge and friendship. The way to appraise such frantic partisan appeals is to consider exactly what the diplomatic situation is among the BIG FOUR.

LET'S LOOK AT RUSSIA

RUSSIA through STALIN has what she wants in POLAND, in the BALTIC, and in the BALKANS and is moving under her own power elsewhere. She will stand pat on this program at the peace table.

LET'S LOOK AT ENGLAND

CHURCHILL has stated his position to keep intact the BRITISH EMPIRE. He has been honorably forthright and will continue to be so.

LET'S LOOK AT CHINA

The fallacy of the indispensable President is shown by what is happening in CHINA. What mistakes could anyone make in dealing with CHIANG that ROOSEVELT has not already made?

It is only the NEW DEALERS who join with the COMMUNISTS in the indispensable man cry. The NEW DEALERS real worry is their JOBS. You know why the "COMMIES" are hollering against ANTI-COMMUNISTIC DEWEY.

LET'S BE AMERICANS

It will be well to hold this election and cast our votes with reference to what is best for this country rather than by yielding to the entreaties of NEW DEAL Politicians to vote as they say our allies wish us to vote. Such last minute claims not only misrepresent CHURCHILL, STALIN, and CHIANG but deeply offend our own independence as AMERICANS.

Under MR. DEWEY the peace will not hang on the slender thread of the whims of one man. The AMERICAN PEOPLE and the SENATE of the UNITED STATES will, with MR. DEWEY, travel the road to PEACE together, and knowing where they are going will arrive there UNIFIED and ORGANIZED to lead this tired world to a permanent and just peace.

The NEW DEALERS inherited a peace when they were young and strong and LOST it. We must not trust to their now tired and shaking hands the making and keeping of the next peace.

ROGER W. ROWLAND, Chairman,
Republican County Committee.

Reports Given In Chest Drive

Some Of Divisions Are Already Over Quota—Others Are Lagging

FUND REPORTS ARE NEAR \$84,000

With two divisions "over the top" and four or five others within easy reach of their goals, the seemingly huge sum of \$125,000, the New Castle Chest Drive has been whittled down rapidly, division chairmen reported at the third meeting Friday, the total subscriptions reaching \$83,692.

But where some divisions have reached their goals quickly, others are dragging behind, according to the reports. Addressing the chairmen assembled at Friday's report meeting-luncheon in The Castle, R. L. Meermans, chairman of the mercantile division, said that while New Castle is sold on the idea of a united drive, many persons fail to realize that they are contributing to 33 different agencies all in one drive.

Tiny Contribution

"For example," explained Mr. Meermans, "a person who contributes only a dollar is giving only three cents to each group. If each of these agencies were collecting individually, as they used to do, most people would give at least a dollar to each one."

Now past their goals are the funeral directors under Jesse N. Kerr, and the furniture division under Irvin Robins. The funeral directors' quota was \$500 and they raised \$577 before the first report meeting. Friday, the furniture division reported \$1,704 with a quota of \$1,600. Joel McKee's banks division came within \$64 of a \$5,600 quota at the second meeting.

Under the chairmanship of Robert Strickler, the printing division has reached \$3,960, only \$40 below its quota of \$4,000. The drugs and cigars division under Henry R. Neill, is only \$52 below its quota of \$748, and the insurance division, under James Beadel, has raised \$1,368.50 of its goal of \$1,500. Mrs. Grace P. Johnson, chairman of the attorneys division, reported that her division had raised \$1,198 of its quota of \$1,500, while the utilities division, under Paul J. Baldwin, reported \$6,093 out of a goal of \$6,250.

Other Divisions

The reports of other divisions, and the goals for which they are driving, are as follows:

Automobile division under L. J. Lewis, has reported \$1,161 out of a quota of \$2,250; mercantile division under R. L. Meermans, has reported \$6,829 out of a goal of \$8,000; construction division under Howard M. Kirk, Jr., has raised \$2,408 out of a quota of \$3,000.

No report has been heard so far from the whole sale food division, the amusements division, the restaurants division or the truckers division, but the hotels division, under J. E. Raffell, has raised \$258, with a goal of \$600.

Aiming for a goal of \$350, the beauty parlors and barber shops, whose division is under the chairmanship of R. H. Byers, have contributed \$197 so far. The building and loans, savings and finance division, under Robert C. Houk, has so far contributed \$320 toward a goal of \$450, and the dentists division, under Mrs. Glen C. Carpenter, has given \$585 of its \$900 quota.

Nearing Goals

The hospitals and nurses division, whose quota is also \$900, has raised \$703.50. Mrs. Helen Vonderau, chairman, reported, while the doctors division, under Mrs. W. J. Caldwell, has \$2,352 toward a \$2,600 goal.

Public employees division, under Orville Potter, reported \$1,646 of \$4,200 they are working to attain, while the charities division has raised \$316.50 of its \$550 quota. Chairman Paul F. Butz stated, George Gettings' clubs division reported \$1,505 with a goal of \$3,000. Religious groups have given \$233, according to Chairman Rev. T. J. Jones and Rev. V. V. Stanciewicz. Their quota is \$600. School teachers' and administration division, under Miss Martha Mathews, whose

goal is \$2,600, has piled up a total of \$2,102.23 so far, while miscellaneous schools, under Rev. D. R. Wert, have \$12 toward a \$100 goal.

Homes, a big division requiring door-to-door canvassing, have turned in \$3,046.30 toward a goal of \$10,000. Chairman Mrs. C. L. Shira said, P. W. Triplett reported \$1,051.50 toward a \$3,400 goal for the railroads, and \$220 toward a quota of \$300 for the bus companies.

Adding a large sum to its contribution, the industrial division under L. B. Round turned in \$28,293.97 at Friday's report meeting, making its total so far \$32,211.97 out of a quota of \$63,000. The rural division under Norman E. Clark has raised \$267.66 of its \$2,500 goal by the third report meeting.

Claim Japanese Capture Kweilin

NEW YORK, Nov. 4.—(INS)—The Berlin radio claimed without confirmation today that the Japanese have captured the Chinese bastion of Kweilin, the fall of which would sever China in two.

The broadcast was heard by the FCC and was in direct contradiction to an earlier Domei (Japanese) dispatch recorded by the same agency. The early transmission admitted that the Chinese defenders of the city are making a stubborn stand against the attacking Japanese.

The Berlin broadcast carried a Tokyo dateline on the dispatch. Try The News Want Ads For Results

We're Waiting Mr. Graham

Yes, Congressman Graham, we are waiting, now that the Small Retailers Association has sponsored political advertising in your behalf, for your efforts to sabotage the Price Control program to the detriment of the 300,000 consumers in the 25th District—waiting for leaders of the aggressor nations to sponsor an advertisement in your behalf for your efforts to cripple our preparedness program by voting against Lend-lease—against the \$5,000,000 appropriation for Aeronautical research—against arming our Merchant ships—against fortification of Guam.

You've done a fine job, Mr. Graham, if not for America—for aggressor nations.

Croton Pupils Study With Hands And Head

Geography Classes Create Places They Study About; Card Tables Are International Scenes

Hands are emphasized, along with heads, at Croton school, a swift survey of the classrooms shows. Pupils of the first grade sit at a small table for part of their work.

Geography classes, since they can't go to visit the topic of their study, manufacture the country to suit themselves. On card tables set up on one side of their rooms are scenes from Eskimo lands—small igloos, boats on little lakes of glass, and miles of cotton-snow.

A large relief map of China, the Malay archipelago and Japan has been molded from colored clay and the waters around the islands are dotted with small sampans and steamers.

Just now the class is occupied with cutting dense jungle glass from green paper, and with fashioning small thatched-roof huts such as the natives of the Belgian Congo might inhabit. The Nile river will also be reproduced before the project is finished, and on the Sahara Desert, another part of the outlay, Arab tents will replace the jungle houses. Fifth grade learning must be fun!

NEW WILMINGTON, Nov. 4.—(INS)—First Lieutenant T. Wesley (Wes) Bennett, of Mercer, former All-American cager at Westminster College, will be coaching the Camp Lejeune Marine basketball squad this season, according to word received here.

The Leatherneck quintet is planning a full schedule of games with leading college and service teams. Lack of gymnasium with sufficient seating capacity has made a camp squad unfeasible in the past but Lieut. Col. William W. Sackney, recreation officer, has announced that the team hopes to play home contests in a parachute loft which will accommodate more than 3,500 spectators.

Marine veteran, Wes Bennett, recently returned from the South Pacific theatre where he has seen action in some of the major campaigns.

At the height of his basketball career, he was the nation's leading collegiate scorer in 1935. After he left Westminster, he continued to star as a member of the Akron, O. Firestone and Goodyear quintets.

Lion Club members are in for a treat on Tuesday, when the Senior high school A Capella choir, under the direction of Robert Duff, will present a program of vocal numbers. This organization has presented some fine programs in the past, and the membership can look forward to something worth listening to. Don't forget we are still in our attendance campaign, and every member our counts at this stage.

R. F. CONWAY, secretary.

AROUND CITY HALL

A. A. Moffatt has received a city construction permit to install a two-story outside stairway at 452 Ne-shannock avenue. Employees of the city streets department today were removing benches from the assembly room, third floor, city hall, which Mayor John F. Haven and co-workers on the mayor's recreation project intend to convert into a place for juveniles. Councilman D. O. Davies, safety head of the city, visited several structures here today which have been reported to him as public nuisances. Later, council will view the properties. Owen Fox, city forester, reported he discovered yesterday near Wilson park that one hunter was using five other fellows to rout out game. He warned the hunters to stay out of city parks.

Mayor John F. Haven got a rabbit the opening day. Like his predecessor, Charles B. Mayne, he makes it an annual custom to go hunting. Chief of Police Robert D. Hanna shot down a ringneck and two rabbits. Signs were being placed in Long avenue between Hamilton and Moravia streets today which read "No parking on the south side". This is the first time parking has been banned in that avenue. It was requested by business men. City is practically free of communicable maladies, according to attaches of the municipal health bureau.

Howard Phillips, superintendent of the city incinerator plant and his employees certainly performed fine service during the coming season according to housewives. Long before he entered the health department, Phillips was a policeman. In fact, he had a unique role. He drove the police patrol team. That was when the horses were kept where the police cars are now garaged. The horses knew Phillips so well that it might be said that they would have followed his vocal directions without his using the reins.

REMEMBER THE DEPRESSION...

THROUGH no fault of your own, you were thrown out of work . . . your family became deprived of necessities . . . your confidence in your ability began to wane . . . you began to wonder about our system of Government . . . You couldn't understand why a man, able and willing to work, was unable to find a job. All that Mr. Hoover and his Republican Administration could tell you was "Prosperity is just around the corner."

But Mr. Hoover had no idea of how to find the right corner! And as you listened to Republican excuses for the national poverty, you saw your friends and neighbors sink deeper and deeper in debt and desolation. How many times did someone ask you: "Brother, can you spare a dime?"

In 1932 our Nation pinned its hopes on one man . . . Franklin Delano Roosevelt.

Capable; fearless; sincere he put new confidence into our hearts. He rebuilt this great country—and restored its great production power—the same power that is now out-producing all the Axis Nations combined. He put money in the pocket of every man willing to work for it—instead of into the greedy hands of a privileged few.

Now, the same men who were behind the Hoover Administration are asking you to vote for Dewey. The same men who proved their helplessness when the depression struck . . . these men once again ask you to put their favorite boy into office.

All We Ask Is That You THINK Before You Vote!

- ★ The people whose homes were saved by the H. O. L. C. will remember!
- ★ The farmers whose farms were sold will remember.
- ★ The families who begged for food will remember.
- ★ The business men saved from bankruptcy will remember.
- ★ You who had money in closed banks will remember!

Will Women Maintain Interest In Politics?

While male politicians are making a great play for the vote of the women on both sides of the fence, women themselves aren't so sure that the game of politics is safely in their hands from now on. And the reason they aren't so sure is—women themselves.

"They seem to need something to 'blossom' them," says Mrs. Alvin Shumaker, president of the New Castle Women's club. "I think the war, and getting into business and industrial life has done this. For the first time, some women are showing as much enthusiasm about voting as they did about getting the right to vote."

"They have come to realize that a country worth dying for is worth voting for," Mrs. Shumaker continues. "Having once awakened to a full appreciation of their privilege and responsibility, they will not again view it with indifference."

More Confident
Even more confident that women have shaken off their political apathy is Mrs. Lucian C. Black, president of the Lawrence County Federation of Women's club.

"Women have a natural interest in public welfare and in civic problems," Mrs. Black believes. "They just haven't realized how much they can do about it. Now, even after many of those now in industry and business return to their homes, they will be better satisfied if they are taking an active part in the public life of their communities."

More and more women will become

leaders in politics, going into congress and holding other public offices, in Mrs. Black's opinion.

"I don't think they'll ever try to dominate, though," she adds. "Cooperation and active help is more along their line. From now on, I think they'll be making up their own minds about political issues, though, instead of voting just as their husbands vote."

Coming Slowly

"I wish I could agree," says Mrs. Kenneth Beck, president of the League of Women Voters. "There may be more interest, but it's come about very, very slowly. If things get easy again, after the war is over, I'm afraid women will find their home interests to absorbing to give much thought to politics."

"I think we're just more conscious of the feminine vote this year because both major parties are making a play for it, but many women I've talked to still say they aren't sure that they'll vote next Tuesday. Of course there are women like Helen Gahagan and Clare Booth Luce, but think what a small proportion of the women of the country are like them."

Women would probably have more time to think political issues through carefully and to get a more balanced idea than men, Mrs. Beck believes. But this is no revolution, with the women taking over the country. "Maybe in about a hundred years women will really have a place in politics," Mrs. Beck adds hopefully.

INFLATION MONEY FLOODS GREECE

LIKE STREET VENDORS selling shoelaces or hot-dogs, sidewalk merchants in Athens deal out small change for the inflation money now circulated in Greece. Value of money changes from hour to hour and one recent quotation set drachma value at eight trillion to every gold sovereign of \$4.87. Hence, an armload of paper money buys little. (International)

Senator Walsh Strikes Blow At Roosevelt Chances

CLINTON, Mass., Nov. 4.—(INS)—U. S. Senator David I. Walsh struck a blow at the chances of President Roosevelt for capturing Massachusetts' 16 electoral votes when he announced today at his home he would not appear with the president on the platform at Fenway park tonight.

Walsh, who left to meet the presidential train at Worcester, said, "I will leave the train if it stops at Framingham. If it does not stop I will ride on to Boston and then leave for home."

Leaders of the Roosevelt campaign in Massachusetts had jubilantly announced that the senior Massachusetts senator would be present at the meeting tonight to give the president his backing.

They had hailed this as evidence that Walsh's "feud" with Senator Harry S. Truman, Democratic Vice presidential nominee, was at an end.

Truman's characterization of Walsh in Providence, R. I., last Monday as an "Isolationist" had prompted Walsh to issue a blast against Truman.

Prosecutor Dewey Indicts Himself!

SOME PEOPLE SAY THE FUNNIEST THINGS . . .

STILL playing the role of a prosecutor, Thomas Dewey is trying to "build up a case" against President Roosevelt, not by direct arguments about the vital issues at stake, but by taking from context a few remarks of the President, his aides, and his close friends—and using them as a clever and unscrupulous lawyer can, to convey a meaning that is just the opposite of what the speaker really meant!

For example—he quoted President Roosevelt as saying, in 1937: "How happy we are that the circumstances at this moment permit us to put out money into bridges and boulevards rather than into huge standing armies and vast implements of war."

That was taken from the context of the president's famous "Quarantine speech" in Chicago, October 5, 1937, at the dedication of a bridge and a boulevard.

Dewey didn't explain that.

Neither did Dewey explain that except for that one sentence, the president's speech was devoted to a warning against the aggressions of Germany! DEWEY DIDN'T QUOTE THIS PASSAGE FROM THE SAME SPEECH—

"The peace-loving nations must make a concerted effort in opposition to those violations of treaties, which today are creating a state of international anarchy and instability from which there is no escape through mere isolation or neutrality!"

Again, Dewey quoted Senator Barkley as saying, "When the treachery of Pearl Harbor came, we were not ready." Yes, Sen. Barkley said that. BUT . . . in his next breath Sen. Barkley said, "No democracy has ever been ready for war at the drop of a hat. . . . But the President saw the import of the gathering storm. . . . For his foresight and forthrightness, he was denounced as a warmonger!"

WHY DID PROSECUTOR DEWEY QUOTE 11 WORDS FROM SENATOR BARKLEY'S SPEECH AND IGNORE HUNDREDS OF OTHERS? . . . Well, some prosecutors are just like that. But is that kind of a prosecutor FIT TO BE THE PRESIDENT OF THE UNITED STATES?

AND . . . in charging there were 10,000,000 unemployed in 1940 and stating that his authority was the American Federation of Labor, Dewey did worse than quote "out of context." WHAT HE SAID WAS AN UNTRUTH. The American Federation of Labor, so far as a careful search of its records reveals, never issued such a statement!

Do you see what is meant by "taking from context"? It is a hoary trick of political speechwriters—AND A CERTAIN TYPE OF PROSECUTING ATTORNEY.

Aliquippa Defeats New Castle; Ellwood Wins

Steelers Win 12-0, Potoczny Is Star

New Castle Loses Seventh Game Of Year Friday Evening At Aliquippa

Flora Plays Fine Game In Backfield; Locals Fail In Scoring Chance

New Castle High "Red Hurricane" played a valiant game at Aliquippa Friday night, but was swept down to defeat, 12 to 0, by a heavier and more experienced Aliquippa High Steeler eleven in a Class AA game. It was the seventh loss for New Castle in nine starts.

Following a pattern set by most all clubs to face New Castle this year, the Aliquippa team jumped into the lead at the outset as the result of a bad break for New Castle, and New Castle never recovered. In the matter of first downs Aliquippa led 16 to 5.

Just once did New Castle threaten the Aliquippa goal line, and that was in the second period, but lacked the drive to put the ball over. Not once in the second half did the New Castle boys cause any anxious moments to Aliquippa.

Potoczny Goes Over

Big Joe Potoczny scored the first touchdown of the game in the first few minutes following the kickoff. Aliquippa received the kickoff and carried the ball to the 4-yard line, where Curt Pettis fumbled the ball and it was recovered by New Castle. Sallie elected to kick on the first play and got off a fair kick, but the ball after hitting on the 25-yard line started to bounce backward and finally came to rest on the New Castle 5-yard line. In two plays Potoczny was over from the 3-yard line for a touchdown and missed the extra point.

New Castle braced following the Aliquippa touchdown and played good football the remainder of the first period.

Soon after the second period began New Castle got a break when Potoczny fumbled and Reed recovered for New Castle on the Aliquippa 41-yard line. Flora dashed off-tackle for a 27-yard gallop and was downed on the Aliquippa 14. Benigas picked up six to the 8-yard line. Walls went through the line to the five and then made a first down on the Aliquippa 4-yard line.

Scoring Threat Fails

It looked like a New Castle score coming up with the ball on the 4-yard line and first down, four downs to make a touchdown, but Benigas lost a yard, Flora was stopped, Benigas was stopped and on an attempted pass to Walls lost five yards on fourth down and Aliquippa took over on downs on the 10-yard line.

New Castle played good ball the third period defensively, not allowing Aliquippa to get very far, but on the other hand, New Castle didn't do much, either, in the way of showing an offense.

Potoczny Tallies Again

Using big Joe Potoczny as a workhorse after Aliquippa had intercepted a New Castle pass by Andrews on the Aliquippa 48, the Steelers in the early stages of the fourth period drove for their second touchdown. Potoczny carried the ball exactly 11 times in a row and finally lugged it over the goal line from the 1-foot line. Pettis tried an end run for the extra point and failed. Aliquippa 12, New Castle 0.

Play for the most part of the remainder of the game was in the middle of the field. Aliquippa, when they got the ball, were content to punt with a 12-0 lead. New Castle simply couldn't shake anyone loose for a touchdown. The Aliquippa line played a great game from end to end, while Joe Potoczny was the whole works in the backfield, aided by Smisk and Pettis. Sammy Flora, Sallie, Hill and Reed were the best bets in the New Castle

lineup. Benigas, playing his first game for a spell, suffered another slight injury.

New Castle will end the 1944 season next Friday night at Warren, O.

New Castle High Band Of 80 Pieces Follows Team To Aliquippa Friday Night

Upwards of 6,000 football fans at the New Castle-Aliquippa game in the valley stadium last night thrilled to the sight of 140 combined young musicians on the field together in their brilliant red regalia.

New Castle High sent its band of 20 pieces to join the Aliquippa band in the raising of the Stars and Stripes, the ceremony being conducted by Professor Joe Replogle of New Castle just prior to the kickoff.

At the half the New Castle band led by Professor Replogle and with Miss Marie Orlando as field director staged a beautiful number, forming a big statue of liberty and then with the lights out the local musicians went through a drill with the band members carrying flashlights and Miss June Young a lighted twirling baton which she knows how to use. Before the lights were deused Miss Eleanor Thomas did a very fine flag waving drill. Miss Orlando directed with a lighted baton.

The New Castle band got a big hand from the crowd for its performance. The Aliquippa band took the field and went through several colorful drills in honor of the four branches of the service, forming on the field a large tank, airplane, anchor and the marine corps insignia. Dave Davenport, the Aliquippa band leader, formerly was with the great John Philip Sousa. New Castle's band made the trip by train last night.

Girard Trims Bessemer 26-6

Michaels Scores Three Times As Ohioans Upset Bessemer Friday Night

Led by Michaels, 170 pounds, the right-halfback of the Girard team, the Ohio eleven handed Bessemer High football team a 25 to 6 setback last night under the lights at Girard field. Michaels scored three of the Ohioans' touchdowns and in general made life miserable for Bessemer. Michaels, out of the lineup by injuries the past few weeks, returned with the bang.

In first downs the Bessemer team led 15 to 12, but could not break through the Girard defense at critical points in the game. Bessemer was forced to play without the services of Wilbur Anderson, their star quarterback. Madrid, a youngster weighing about 100 pounds, took over at quarter for Bessemer and did a swell job alternating with Glass, a 110-pound quarterback.

Girard Scores Early

After a march of 70 yards in the first period Girard took the lead 7 to 0 when Michaels lugged the ball over the goal line and kicked the extra point.

Bessemer tallied its lone touchdown in the second period with Glass taking the ball over after a march of some 80 yards down the field. The first half ended 13 to 6 with Michaels scoring on a pass thrown by Chiccarelli from the 5-yard line.

In the third period Girard tallied when Chiccarelli again passed to Michaels after a sustained drive that Bessemer could not stop. Late in the fourth period just to change the procedure Chiccarelli passed to Stiles, the Girard left-end, and he raced over for the touchdown.

This was the fourth straight defeat for Bessemer. Next Friday the Cement Towners will go to Freedom for a day game.

Young Brothers

Meet In Paris

After Two Years

For two years, Robert A. Young and John C. Young Jr., both sons of Policemen and Mrs. John C. Young of 707 Blaine street, had not seen each other. Both are in the Army but their paths never crossed until a short time ago when they met in Paris. Cpl. John C. Young Jr. of the artillery saluted First Lieut. Robert A. Young of the Air Corps and for the first time in two years the brothers were united. Rank was forgotten and they were two kids from New Castle again.

Lieutenant Young's wife resides at 614 Madison avenue and Corporal Young's wife resides with Mr. and Mrs. Young on Blaine street.

AFTER four and one-half years in the Navy, and out of the states practically all that time Nick Cagnetti, SM 2-c, is now at the Fleet Sound School, Key West. Cagnetti was a guard on New Castle high football eleven, some years ago. Here's something that possibly Ne-Ca-Hi school athletic authorities can unravel: Mike Perrett, Orr street, Ellwood City, writes: "I played with the high school in '33, had my ankle sprained before the Washington game. I never played after that but was on the squad. I didn't get a sweater or letter that year. I bought a booklet concerning the teams and records and find they don't even mention my name. I never had a photo taken with the team." What grieves him, he reports is that he hasn't been given recognition to prove he did play for Ne-Ca-Hi.

Mickie Solomon, late of the USMC, is now with the United Engineering & Foundry Company. Solomon knew his middleweight boxing gloves. He was brought out by Eddie Weygant and later became a protégé of Joe Alexander who was behind him in some mighty good fights as Buck McTiernan will verify. Ray Impelletiere, heavyweight boxer of some time ago, was probably the tallest man to romp in a prize ring. He stood six feet seven and one-half inches tall. Primo Carnera was next tallest. Columbia has a freshman with a unique name—Joe Begosh! Cleveland Indians have won five batting titles in the A. L. The winners were Larry Lajoie, Elmer Flick, Tim Lincecum, Lew Fonseca and for 1944, Lou Boudreau.

The provost marshal of Naples is Major Mike Mukulak, former Oregon fullback. George Sennett has been coaching Moline, Ill., high school longer than Phil Bridenbaugh has been coaching here. George is now in his twenty-fifth season. Ed McKeever, Notre Dame coach, helped pay his way through Texas Tech by selling rattlesnake skins. He told Arch Ward of the Chi-Tribune he used a rake to catch a hundred a day after which he cured the skins and made belts of them at a cost of 10 cents each and disposed of 'em for a buck each. Rev. Carl H. Locke, Rapid City, S. D., is seeking big game in that state with a bow and arrow. During pre-season practice he brought down a coyote with an arrow. This causes us to inquire of Wayne Sines: "Shoot any birds with your arrow?"

Three Knockdowns In Perry High Wins Bout Won By Green Sectional Title

NEW YORK, Nov. 4.—(INS)—Harold Green, slugging welter, moved a notch up the pugilistic ladder today by virtue of a 10-round decision over Rocky Graziano in an all-New York main event tussle at Madison Square Garden last night.

Green floored Graziano twice in the early rounds and was floored in the final stanzas himself. He finished virtually out on his feet, but had piled up sufficient edge to earn the decision.

Wolverines Defeat Beaver Falls 18-0

Ellwood City High Registers Eighth Win Of Year Without Setback

Dale Tillia Stars By Scoring Twice In Lopsided Valley Battle

BEAVER FALLS—Nov. 4.—Ellwood City High's hard fighting Wolverine football team lived up to its "Cinderella" name last night in a packed Reeves stadium at Beaver Falls by hanging a 18 to 0 defeat on the necks of the Beaver Falls Tigers for the eighth win in a row and to keep the 1944 slate as clean as snow. Over 10,000 fans witnessed the game.

This was the fifth class AA win of the year for the Ellwood team and keeps them very much in the championship running, along with Donora and Turtle Creek. It was the fifth win also for the Gills coached machine in the race for Beaver Valley championship honors.

Ellwood Shows Class

Ellwood shows a classy offensive attack as they swept to three touchdowns. Dale Tillia making two of them on plunges and threw the pass to Presto, the star right end, for the third touchdown. It was Tillia's night all the way and the popular fullback made the most of it. McClintock and Manauzzi ripped off a few nice gains, but failed to match in brilliance the work of Tillia.

Midway in the first period Ellwood tallied to take the lead when they got the ball on the Ellwood 43 on a punt and began a drive that ended when Tillia passed to Presto from the 16-yard line. The Ellwood end making a nice catch and running the ball for a touchdown. Mastlik failed to kick the extra point.

Score On 'Break'

Ellwood's second touchdown in the second period came on a "break." Ellwood got the ball and drove deep into Beaver Falls territory and then punted with Beaver Falls taking over on the 14. A Beaver Falls fumble gave Ellwood the ball on the Beaver Falls 14 and Tillia scored from the two-yard line after the third play. Mastlik again missed the extra point by placement.

The first half ended 12 to 0 with Ellwood in the driver's seat. Beaver Falls with a crippled backfield did not have the dash of early season and never once threatened the Ellwood goal line.

Play Aliquippa Next

Ellwood's third and final touchdown came in the third period. Beaver Falls took the opening kickoff of the second half and ran the

ball on a series of plays to the Ellwood 42, then elected to pass and Tillia grabbed the ball and ran 46 yards to the Beaver Falls 36 before being tackled. Ellwood soon had the ball on the 33, and Tillia passed to Desport who ran the ball to the three-yard line, and from this point Tillia plunged it over for his second marker. Mastlik again missed the extra point.

Ellwood will end the 1944 season next Friday night at Ellwood, Lincoln field by playing the postponed game with the Aliquippa High Steelers in another Class AA game. Ellwood, if they win from Aliquippa, will put in a strong bid for the class AA championship, with six league wins.

Armistice Day Parade Section To Meet Sunday

Plans For Coming Procession Will
Be Completed At Meeting On
Sunday Afternoon

With a great army of bands lined up for the coming Armistice Day celebration, here next Saturday, plenty of marchers will be needed to show them off properly. Chief Marshal Walter G. Dietterle stated today.

Many organizations which have been in line in past years have not yet notified the parade committee of their intention to participate this year, and with the date only a week off, the committee is anxious to know whether these groups will be in line or not.

Chief Marshal Dietterle has asked that all organizations which have not yet notified the committee do so before Sunday afternoon by calling Mr. Dietterle at his home, 5317-L or at the Leighton Home 9069, on Sunday afternoon at 2:30, when the parade committee will meet to further plans.

Two additional crack bands and musical organizations have been added to the list.

The Camp Reynolds Army band of 60 pieces will head the parade, being a military organization, and will be followed by the Sixteenth Infantry band.

Word has been received the crack Farrell colored bugle and drum corps, directed by Ed. Smith, will be in line and will march at the head of Lawrence lodge, No. 18, Colored Elks.

There will be a meeting of the Sodality of Our Lady of Victory of St. John the Baptist church, Sunday afternoon, November 5, at 2 o'clock, in the meeting rooms.

Sodalists of the Sodality of Our Lady of St. Vitus church will receive holy communion at the 7:30 o'clock mass Sunday, and Thursday, November 9, will have a regular meeting in the church hall at 7:30 p. m.

St. Joseph's Sodality will receive holy communion Sunday at the 8 o'clock mass in church, it was announced today.

Worth Grange Has Mortgage Burning

Thirty-five-Year-Old Grange Burns
Mortgage On Seventeen-
Year-Old Building

With seven of the 65 charter members of Worth grange seated on the platform, the grange members celebrated the burning of their mortgage at a ceremony in the Grange hall Wednesday evening.

The hall was decorated with palms and baskets of yellow, white, and bronze pompons, while on a table in the center of the platform was the mortgage on a silver tray flanked by tall burning candles.

Following a reading of the history of the grange by W. J. McDanel, the following program was presented: singing of "America"; trumpet solo "Home," by Vergil Kelley; musical selections, "When I Grow Too Old to Dream," by a mixed chorus; reading of the mortgage by John Wimer; invocation by Worth Chaplain Frank Cooper; mortgage burning, by Mrs. Etta Wimer, only woman charter member, assisted by State Past Master J. A. Boak; song, "My Faith Looks Up to Thee"; trumpet solo "My Blue Heaven," by Vergil Kelley; address, by J. A. Boak; musical selection, "A Song of Peace," by the ladies quartet.

Worth grange was organized in 1909, with Jacksonville hall as the first meeting place. In 1926 Center school became a temporary home for the grange, until the present hall was dedicated in December, 1927.

Land on which the hall stands was donated by Mr. and Mrs. F. J. McCleary, while the building itself was paid for by cash and labor contributions, grange plays, banquets, and contests. Probably the most profitable project for financing the hall was the grange sale, which has been held every fall for 13 years.

The seven charter members who were present for the mortgage burning were: J. Roy Humphrey, Joseph Davis, Frank Wimer, Mrs. Etta Wimer, Bruce S. Miller, Frank Cooper and Harry Cooper.

The twenty masters who have served the grange since its organization are: J. Roy Humphrey, W. R. Moore, Joseph Studebaker, C. L. Moore, Joseph Davis, Bruce S. Miller, Frank Humphrey, John Drawbaugh, T. C. McDanel, W. J. McDanel, O. D. Brandon, Harry Stickle, John Wimer, Raymond Stickle, Frank Cooper, Charles Miller, J. H. Drake, Frank Patterson, Russell Brandon and Herbert Gilmore.

John Wimer, who is the present master, has served the longest time of any. Besides being his third regular term, he served part of the term of Herbert Gilmore.

A-26 GETS TOP GI BILLING

THE WAR DEPARTMENT has revealed that since the first test flight in July, 1942, every flyer has been enthusiastic about the Douglas A-26 attack bomber, shown in the above photos. The first all-purpose bomber and believed to be the fastest in the world today, this deadly attack ship strikes from tree-top altitudes with combined heavy firepower and bomb capacity. Plenty of AAF planes are called pilot's dreams, but no recent ship has had better billing than the A-26, which holds the record for glowing combat reports. (International)
